ABOUT

JSS AHER- SLS- Division of Biochemistry

JSS Academy of Higher Education & Research (JSS AHER, formerly known as JSS University) was established in 2008 under Section 3 of the UGC Act 1956 and is part of JSS Mahavidyapeetha. This deemed-to-be university is recognized by MHRD and accredited by NAAC with A⁺ Grade (3.48 CGPA). The Deemed to be University has been focusing on teaching, research and health services since its inception. The School of Life Sciences (SLS), was established in the year 2013 stands today as a unique institution in the country known for multidisciplinary and interdisciplinary teaching and research in life sciences.

S&H Partners

S&H Partners is an Intellectual Property consulting driven organization delivering end-to-end IP services from patents, trademarks and design protections to resolving disputes, information security and portfolio management.

About the workshop

With the upcoming innovations and products being developed, Intellectual Property is the essential feature of Life Sciences organizations. There is a need to gain awareness in effectively managing, protecting and enforcing the intellectual property to achieve uniqueness along with success in the competitive market.

First Technical Session: The purpose of the session is to introduce the concept of intangible assets, to propagate the need to protect IP. The session will include the explanation of the several sections from Indian Patents Act relevant to Life Science based inventions, international authorities for patents, generation of revenue from IP and a brief account of US patent practice.

Second Technical Session: The purpose of the claim drafting session is to enable students to get an idea of what are the patentable aspects of an invention and the best approach to protect the same by way of claims. An invention disclosure pertaining to Biotech field shall be provided and an interactive session will follow.
