Report on opening of IInd edition of STUMAG-2019

STUMAG – Student Wall Magazine

The second edition of stumag was opened on **20th October 2019**

Stumag, the student's wall magazine is to inform, engage, inspire and entertain a diverse readership including faculty, staff, students and other friends of stumag by presenting intimate, timely and honest portrait of the college. In originality of its conception in the excellence of its writing and visual presentation and in its commitment to accuracy, healthy discourse and additional balance, the wall magazine endeavours to reflect the values and the quality of the institution itself by maintaining the respect and interest of its readers. The Stumag aspires to ultimately inform their opinion of the college and strengthen their commitment to its welfare.

Our second edition was themed '**HUMANITY**'.

“Do nothing out of selfish ambition or vain conceit but in humility consider others better than yourself”...this verse from the Bible holds a great value in this present day scenario where social norms are broken. In this “me centered” universe where we are clung to, we often oscillates between empathy and Pro activeness. And the reality is that nowadays, we get satiated with the punctuated existence of ourselves with those flashes of fear. There comes the validation of this theme where collectivistic society has almost vanished.

Unlike the first edition, this time it was left open without a formal inauguration and all readers were free to view its contents right from the setting of the same. English, Hindi, Malayalam, Tamil, kannada articles and other literary and Artworks from the students bestowed the stumag board and indeed synergised with the theme which we were focused on. The speciality of this edition was the launch of a humanity clock which was peculiarly designed for the same.

Best photography's of our own students from the renowned photography club” Shutterbugs”, current events, medical updates were also a part of this edition. The tagline for the entire theme and the central element of the stumag board and the posters made for the same had an influence from the tenets of keralatourism.org

The second edition was completely different from the first entirely on the ideology and principles it was set up with and we hope that it indeed has conditioned the reader's minds up to something good...
