Our first edition was themed Harry Potter in accordance with international friendship day. The validation for this theme being taken was simple: Harry Potter emphasizes the theme of friendship throughout the series and demonstrates to a vital point. The point is that we must cherish our friends and not push them away. This theme was significant to submerge in all those hearts who reach stumag.

Alumni meet on the inaugural day was the most impressive part and it was just a coincidence. We were able to make this edition special by evoking their memories and honestly depicting the true value of friendship by making stumag the epicenter of kind intimacy and interdependence by various attention gathering snaps related to friendship, art work, Hindi, English articles Kannada quotes, Tamil, Telugu and Malayalam poems all based on the respective theme. Moreover, alumni were requested to write their golden quotes and feedback regarding the first edition, which indeed left our hearts overfilled with joy.

Medical must reads, must watch movies, information regarding the places to visit in mysore, current events section, important health updates and upcoming dates regarding the same was a special mention feature about this edition.

For the first time in the history of stumag, a logo was created emphasizing the importance of growth and nurturing, which was later embraced in the vintage element created for the same.

All the literary and artworks bestowed by the students tremendously added charm to the stumag. Besides this we monthly update the recent events and as a part of international photography day 2019 students were requested to send their valuable opinions regarding the photographs displayed on the stumag. The replies we received inturn elevated us to do even more. At the end, in this world accentuating on magnetism and charisma, working with stumag diverged our thoughts into much more valuable necessities, that our society is lacking nowadays and we indeed were able to reflect the same to our faithful readers.
