Mysuru, Tuesday 4th May 2021

Intl. Webinar on 'Career Catalyst' on May 8 and 9

Mysuru, May 4 - JSS Academy of Higher Education and Research, Division of Biochemistry, Faculty of Life Sciences, Mysuru, is organising an International Webinar entitled “The Career Catalyst: Plan, Prepare and Prosper in Life Sciences” on May 8 and 9.

One of the major questions of aspirants, graduates and stakeholders of Life Science Education is regarding the career opportunities in Life Sciences. It is often seen that there is a lot of dilemma among Life Science students when they find themselves at crossroads in their career even upon successful completion of a course. This may either be due to lack of awareness or proper guidance.

This webinar is being organised in order to motivate, guide and prepare the students to pursue their career either in academia, research, industry or entrepreneurship in Life Sciences. The webinar is empowered with a panel of twelve speakers in leading positions in academia, industry, research and

entrepreneurial setup. Speakers from five countries (USA, UK, Austria, Australia and India) shall be addressing the participants about their respective domains, the career planning and the necessary present-day skillsets to attain promising roles in Life Sciences.

The webinar is exclusively designed for UG, PG and Ph.D students of Life Sciences to provide exposure to multiple career avenues in Life Sciences, thereby enabling the students with an understanding of required domain knowledge integrated with essential skill sets to be job ready. The webinar would make the career planning process easy, introspective and systematic.

Those interested may register for the event using the link: www.shorturl.at/pJOU1 (Registration is free). To download the brochure visit: www.shorturl.at/gwGU6; and www.jssuni.edu.in. For further details contact the Organising Secretary Dr. J.M. Siddesha on Mob: +91-7019047500.
