

Guest Lecture on “Digitalisation of validation and Manufacturing Process”

Report

Date: May 26th, 2023

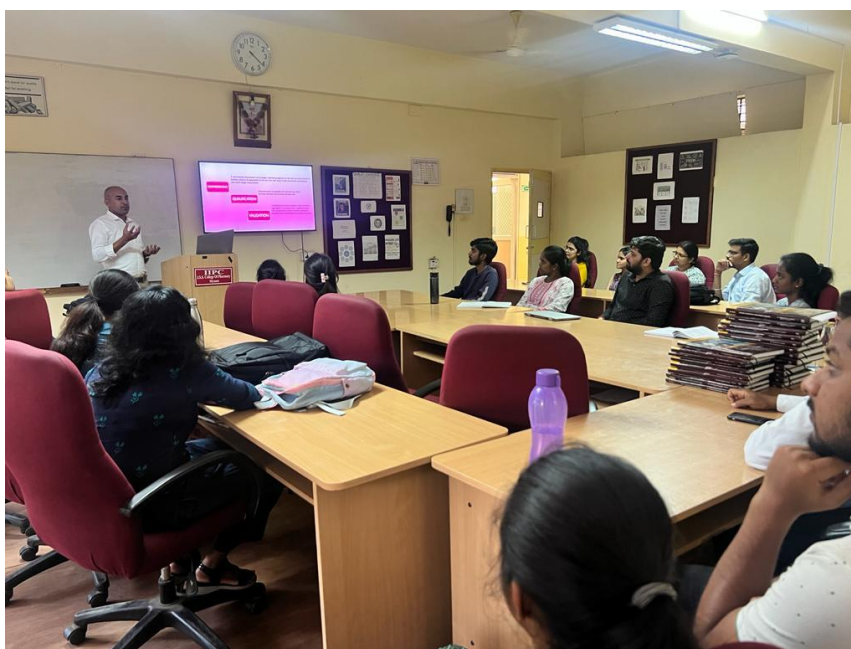

Topic: Lecture on “Digitalisation of validation and Manufacturing Process”

Speaker:

Name: Mr. Rohitash Kumar

Company: Dr Reddy’s lab, Biologics division, Bachupally, Hyderabad

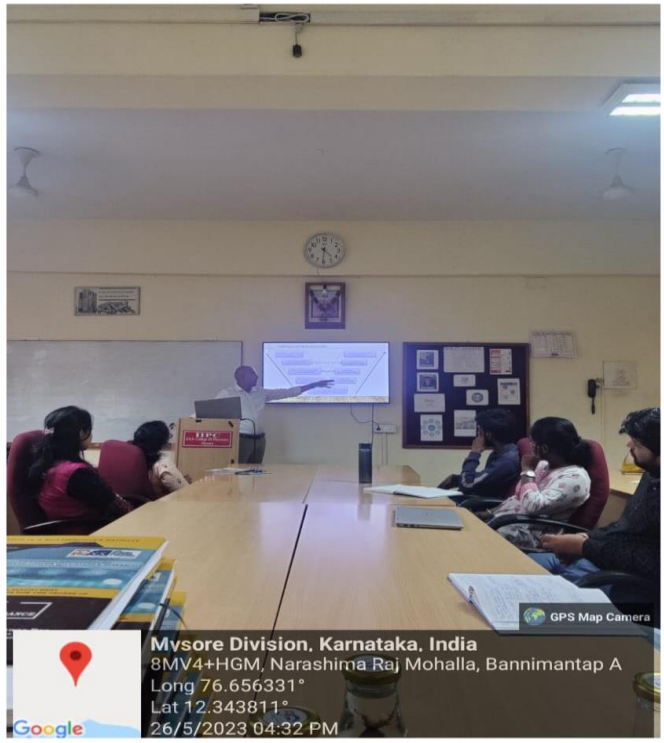

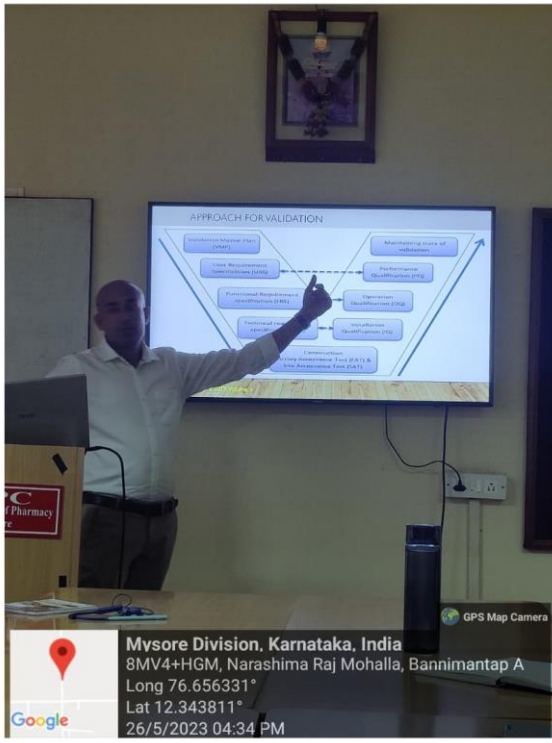

Designation: Deputy Manager, Commissioning and Qualification & Digitalisation of process

Guest Lecture was organized by the department of Pharmaceutics, Pharmaceutical Quality Assurance group, JSS College of Pharmacy, Mysuru on 26th May 2023 from 4:00 pm to 5:00 pm on topic “Digitalisation of validation and Manufacturing Process” by Mr. Rohitash Kumar, Deputy Manager, Commissioning and Qualification & Digitalisation of process, Dr Reddy’s lab, Biologics division, Bachupally, Hyderabad for First year and second year M Pharm (QA & RA Students) students in IIPC Seminar Hall.

He began his session by giving brief introduction about validation, digitilization, and steps to be followed to convert a system from manual documentation to digital.

Mr Rohitash explained the basics of Good Automated Manufacturing Practice, the need to adapt to the digitalization in the current scenario.

After delivering his lecture he encouraged students to keep themselves updated with current developments in the pharma industry so that they will be industry ready when they graduate. All the students found this program very educative and informative.

The event ended with a question-answer session followed by a vote of thanks by Dr Hemanth Kumar S, Co-ordinator of the Pharmaceutical Quality Assurance Department.
