

TOUR REPORT 2018 - II.B.Pharm

We, a team of 95 students along with our faculty, Dr. R. Rajeshkumar and Mrs Arivukarasi, went on a tour from October 5th – October 10th, 2018.

4th October, 2018 was a night filled with intense excitement and expectation of what the next four days would hold for us. The drive to Hyderabad seemed endless, yet time flew by.

On 6th October at 11 AM we are at SALARZUNG MUSEUM, which is the leading historical destination in Hyderabad. In the afternoon at 1PM we have visited magnificently built BIRLA MANDIR, the worship and discourses are well organized. In the evening at 5 PM, we have visited to SNOW WORLD; this huge entertaining place is located about 2km to the north of the city centre. We have explored the endless ensemble of fun and excitement. We stepped in and be transported to the world of fun, fantasy and excitement like never before. Our day at snow world is the most memorable one. At 7 PM I-MAX MALL and by 8:30 we reached back to our rooms.

7th October we visited to THE WONDER LA located 40kms away from the city and an entertaining world in itself. There's no better place to experience something new together than that. We checked out the most thrilling attractions, water rides and land rides. Kept a keen eye out for timings of various other fun programs across the park – be it the next wave at the Wave Pool, or the next dance at the Rain Disco. This day became the most memorable day of our life spent together. By evening 9PM we went back to the hotel.

On 8th October we visited to the CHROMO HEALTH CARE LABS (INDUSTRY) which was located 60kms away from the city. This visit was very knowledgeable. From this visit we learnt a lot about the production and formulation of the drugs and medicines. We learnt about the classifications of different blocks and their uses. We thank a lot to Dr. R. Rajeshkumar for this knowledgeable industrial visit which will be very helpful to us in future.

Finally, at the end of the trip we have been there to GOLCONDA FORT, it was a really great experience. It is an excellent historic place and also a place of worth watching specially the great long walls. It's majestic and very artistic. The attention of details on the wall, paintings, the design of the pillars are mesmerizing. The knowledge and happiness we gained in this tour will stay with us forever and ever.

“The world is a book and those who do not travel read only one page”
