

2-Day workshop on Basic Techniques in Experimental Pharmacology” Feb 15 & 16, 2019

The above workshop was organized by Department of Pharmacology, JSS College of Pharmacy, Ooty, during August 13, 2018. The objective of this programme is to train research scholars on various techniques involved in laboratory animal research. The event was co-ordinated by Dr. Praveen T.K., (Organizing Secretary), Mr. Sarvanan J. (Convenor), and teaching & non-teaching faculty of the department.

15 participants (9 participants-KM College of Pharmacy, Madurai, and 06 participants- Sree Siddaganga College of Pharmacy, Tumakuru) have attended this workshop. The participants underwent hands on training with regard to laboratory animal handling, blood collection techniques, surgical techniques, anaesthesia & euthanasia techniques, isolated tissue experiments. In addition, lectures were organized on the topics “Introduction to laboratory animals” and “Design of Animal Experiments”
