Genesis:

Jagadguru Dr Sri ShivarathriRajendraMahaswamiji, the 23rd Pontiff of Sri SutturVeerasinghasana Math, Suttur, was the architect and founder of J.S.S. Mahavidyapeetha, which came into being in 1954. JSS Mahavidyapeetha, is presently running more than 300 institutions starting from primary education to postgraduate and research programmes in the fields of Medical Sciences, Engineering & Technology, Arts & Science, Law, Management, etc. There are about 50,000 students enrolled in the various institutions of the Vidyapeetha with more than 10,000 employees. The Vidyapeetha can easily be described as one of the largest education providers as well as employer in the region.

To further strengthen its educational efforts JSS Mahavidyapeetha approached the Government of India to provide Deemed to be University status to some of its pioneering educational Institutions. The Ministry of Human Resource Development, Government of India in their Notification No.F.9-9/2003-U3, dated 28th May 2008 has declared Jagadguru Sri Shivarathreeshwara University (JSSU), MYSORE, Karnataka, comprising

- i) JSS Medical College, MYSORE*
- ii) JSS Dental College, MYSORE*
- iii) JSS College of Pharmacy, MYSORE*
- iv) JSS College of Pharmacy, Ooty.*

As Deemed to be University under Section 3 of UGC Act 1956.

JSS University now envisages carrying forward this mission and vision of JSS Mahavidyapeetha by providing quality education.

JSS UNIVERSITY

JSS University intends to emerge as one of the nation's preeminent comprehensive universities in the 21st Century. The University will be widely recognized for the quality of its undergraduate, graduate and professional educational programmes, the effectiveness of its research and outreach programmes and the broad access to the university provided through the innovative use of information technology. The university will ensure the quality of its programmes through careful focusing of its resources in areas of institutional strengths.

Vision:

JSS University will develop and advance the talents of students to create applicable knowledge in science, technology and other areas in order to support social and economic advancement.

Mission:

As a comprehensive University, JSS University is committed to offer high quality undergraduate, postgraduate and professional education to its students.

- The University will give highest priority to resource allocation for the future development of those areas that represent the traditional strengths, quality, reputation and uniqueness of the institution and that continue to effectively respond to the needs of students and other constituents.*
- Consistent with this commitment, the University will emphasize a broad and superior undergraduate education that imparts the knowledge, skills, and values so essential to educated and responsible citizens. At the same time, the University will provide high-quality graduate and professional programs in areas of need and importance to the State and beyond.*

- *To accomplish these educational goals, JSS University will continue to compete nationally to attract faculty distinguished by its commitment to teaching and by its achievements in research, both pure and applied. The University will strive to attract the faculty that will bring distinction and stature to the undergraduate, graduate, and professional programs offered by the University.*
- *Because research is essential to the mission of the University, JSS University will continue development of its research programs. The primary focus of this research will be directed to the solution of problems and the development of knowledge and technology important to the State and Nation and to the quality of life of Indian citizens. The University's research programs will make important contributions to instructional programs through the involvement of graduate and undergraduate students and the renewal of the faculty.*
- *Research will also provide the knowledge base for outreach programs. In carrying out its research mission, the University will emphasize established areas of strength and will focus available resources in those areas of research and doctoral study that are, or have the potential to develop into nationally and internationally recognized centers of excellence.*
- *The University will maintain the strengths of its traditional outreach programs and will increasingly involve in outreach programs that respond to the changing needs of the society in which we live. The University will continue to seek new and innovative ways to reach out to the people it serves.*
- *The University will contribute to a sustainable future by making use of the latest-learning pedagogy and technology.*

JSS Medical Institutions:

The JSS medical institutions were founded on the promise that physicians, dentists, pharmacists, and other health care professionals trained at these institutions could provide the highest quality of patient care, while at the same time pursuing research and continuing to educate future health care professionals. Over the last three decades, the JSS medical institutions were successful in meeting the goals of these principles.

The JSS medical institutions aim to educate students to be excellent health science professionals and leaders in their field who respect the uniqueness of their patients clients, who demonstrate competence, leadership, expertise, and a profound moral ethical respect for their patients clients, professional colleagues, and the general public. These institutions are committed to providing life-long professional development, advanced research, community service and fostering global integration of healthcare. These institutions also continuously put their effort in seeking innovations in science, education and health care delivery. The reputation of the JSS medical institutions has become very strong not just regionally but throughout India and also abroad

In the year 2004, the golden Jubilee year of the establishment of JSS Mahavidyapeetha, it was recognized that we needed to have clear definable objectives for our academic enterprise. We needed to know where we are going, what our specific objectives are, and what the milestones are that need to be achieved along the journey. It became evident that it was necessary to establish specific responsibilities with defined accountability.

To realize this vision, we have developed the following academic goals:

- *To foster clinical excellence and patient satisfaction*
- *To support innovative patient care, education, and research*
- *To increase the quality of education and research at JSS*
- *To conduct high quality education and research programs in a fiscally responsible manner*
- *To continue to monitor the financial impact of the academic programs on the institution*
- *To establish and maintain a system of objective performance measurements for the education and research programs by which improvements in patient care, education, and research can be continually evaluated*
- *To represent an acceptable financial investment relative to the benefits that accrue to JSS and the community, recognizing that investments in academic excellence do not always generate short-term return*
- *To support and complement the development of an integrated delivery system to improve the health of the people in its region*
- *To foster accountability for academic performance at the department, division, and institution levels*
- *To enable physicians and other health care professionals to attract referrals as a result of the quality of patient care, reputation for academic excellence and clinical expertise, association with other health care academicians, and strong alumni relations*
- *To demonstrate the benefits of patient care provided in an academic setting*
- *To foster an interdisciplinary and holistic approach to patient care.*
